PRACTICAL PHOTOGRAPHY  
Readership: Amateur Photographers  
and Artists

#### Publicity:

The images from this book will be exhibited at the Affordable Art Fair where seminars will be held showing the public how easy it is to create contemporary photo-art

**Annabel Williams** Annabel appears regularly on TV and in the press, and is the author of several books.

#### Description:

This second book in the Annabel Williams series looks at creating contemporary Photo-Art for your walls.

With over 99 stunning ideas this title will give the reader the inspiration to produce a piece of art that they can be proud of. Annabel explains simply and in her non-technical way how easy it is to photograph a piece art.

Chapter one looks at the creative fundamentals; breaking down the process into color, texture, shape, composition, tone, cropping and lighting. The reader will find out Annabel's tricks and techniques in shooting stunning compositions.

Subjects to photograph are explored in the main chapter and the reader can choose from Black and White, Abstracts, Architecture, Landscapes, Flowers, People and Objects. Each idea is demystified and the reader sees how using simple tips and the fundamentals learn't in chapter one can ensure they achieve stunning results.

Finally the last chapter looks at how the reader can prepare their work to exhibition quality, print on canvas and sell their work into galleries and other outlets.
